

Endcaps for BP-2000

Bag of 10 endcaps

Product codes:

Reference: BP-CAP

Product description:

One endcap is used at each end of the cuff to secure the cuff elastic.

The endcap size depends on the diameter of the cuff : it is recommended to check the diameter of the metal cuff (1/4", 3/8", 5/8") before to proceed with an order.

One bag contains 10 endcaps
